BC2024-641

Department of Equity and Inclusion, recommending an award on RQ14044 and enter into Contract No. 4774 with Keen Independent Research LLC (29-5) in the amount not-to-exceed \$392,774.00 for a Disparity Study of Minority and Woman-Owned Businesses in Cuyahoga County and surrounding geographic areas, for the period 9/17/2024 – 12/31/2025.

Funding Source: General Fund

Lenora Lockett, Department of Equity and Inclusion, presented. Dale Miller asked is this the third study under the new government; what were the costs for the two previous studies; asked what accounts for the increase of almost one third over the last one; asked since this was a request for qualifications it was not decided solely based on price; asked was the ranking on a number of criteria. Lenora Lockett commented it was a Request for Proposals so there was a score for the budget that was worth approximately 20 points out of 100 so a fifth of the scoring was related to budget. Trevor McAleer asked whether this vendor did the 2020 study; asked if the not-to-exceed amount is being billed monthly/quarterly on an hourly rate for the number of hours worked or how will the billing work; asked although the contract goes through 12/31/2025 when do you expect the study to be completed. Dale Miller commented I think the County has done very well with the disparity study and we've made progress and it's been a matter of chipping away at it and gradually strengthening the approaches as needed and justified by the studies; asked whether he is correct in his knowledge we've had no litigation based on the disparity studies, which is not true in other jurisdictions so he commended Lenora Lockett for her part in this work and hopes we continue to see good results. Lenora Lockett acknowledged it was a team effort and usually once recommendations are received works closely with the Department of Law to make sure we are implementing the recommendations so that they're narrowly tailored, so again as you know we can get sued for any reason but we try to make sure that we work with the expertise within the County to make sure we're assertive but within compliance with legal requirements. Trevor McAleer asked who the MBE vendor on the project is; asked are they local. Dale Miller commented given the current makeup of the Supreme Court he would not be surprised if the legal architecture we've been working on since about the late 70's got challenged in court it wouldn't be the first time that something that stood for 50 years or so got overturned so hopefully that doesn't happen here, but I think that risk is out there. Leigh Tucker motioned to approve the item; Dale Miller seconded. Item BC2024-641 was approved by unanimous vote.

Reason: This contract is submitted late due to providers collecting documents needed for contract approval. It was recognized that families would be impacted by the decision to not contract with certain providers for the UPK program who were previously under contract. The decision to try to minimize the impact to families was made in June and we worked with the division to gather the information needed to prepare contracts.
