Capt. Brian McEntee	City of Cleveland Communications

(Minutes corrected to reflect title "Trustee" and "Director")

2. No Public Comment
3. Approval of Minutes March 8, 2022 – Deferred until next meeting
4. Motorola Vesta Updates:

Nancy Kolcan reports Vesta cutovers are going well. Completed cutovers to date are: WESTCOM, CECOMS, Parma, Lakewood, Lyndhurst, Mayfield Heights, Bedford Heights, Cleveland PD/FD/EMS and Walton Hills

Training for CVD will begin at two training centers this week.

Some audio quality issues and map issues have been reported and corrected. Ongoing updates and corrections to PSAP Directories are being addressed immediately by CECOMS staff.

5. Call Handling Report

Director Carney advises she will be collecting data throughout the summer to aid in discussion at the next meeting.

- Vesta transitions need to be completed
- Call data for each PSAP needs to be analyzed to include CECOMS triage

- Sector data analysis is ongoing and very tedious. Work continues to identify all sectors that point to only one jurisdiction.
- PSAP audits will be conducted to identify issues that need to be addressed by each PSAP to maintain compliance with State standards.

6. Next Meeting – September 13, 2023

7. Meeting Adjourned at 10:28 a.m.
