Approval of Minutes

Minutes were not provided and were moved for approval to next meeting.

Discussion

- Discussion on how ECW should program the keypads for all units with the 911 Hardware Project. All felt it should be standardized. Recommendation to move forward with the same programming that has been done with the initial deployments (CVD/Strongsville).
- 911 Update – B. Carney noted that the City of Cleveland is on track to take their wireless calls directly beginning 1st Q, 2015. Working with all cell providers now. B. Carney also noted that CECOMS will begin dispatching by 4th Q 2014. All CECOMS staff PST and EMD certified.
- N. Diccico advised the committee that the Chagrin Valley Command Vehicle will include 2 ECW phones capable of answering 911. Currently working on install.

Other Business

None

Next Meeting

TBD

Adjourn

S. Greene adjourned the meeting at 11:56 a.m.
