Nichole English, Department of Public Works, presented. Trevor McAleer asked is there is an early termination clause option for the County; asked will the vendor start working on the Court project immediately after the approval of this item; asked if the vendor would utilize some funding to begin preparing the Courts project; asked if it would be amendable to reduce the requested funding to cover the projects at hand and come back for additional funds; stated that Department of Public Works notify Council when they begin to utilize the services for the Courts Project.

Nan Baker asked the independent review has not been completed as of today; asked why would the County move forward with this request without hearing and/or considering the results of the independent review; asked if there has been a consensus taken from the Courts on this project; stated hesitant in going forward with this item, before receiving the results of the review, with everyone not having the same vision and not on the same page; stated that sadly the Courts were not brought in sooner on the decision process while this item is being approved without all the necessary information; asked if the steering committee will meet soon to review the details of the study; asked wouldn't the steering committee want to meet sooner rather than later, especially with this requested amount.

Dale Miller stated that historically, it was difficult to get everyone to have a cost-effective vision in the Juvenile Justice Center and going forward with this project, some of the same roadblocks will be encountered which makes it necessary to move forward with this item. Trevor McAleer asked regardless of the independent study, will the County still need an owner's representative if there's a need to renovate or build new; asked what this additional amount would bring the current contract total; asked if monies have been paid out monies that are being refunded to future funding allocations; asked are all of the invoices paid up to date. Item No. 1

Department of Public Safety & Justice Services; 2022 - 2023; U.S. Dept. of Justice, Office of Justice Programs, Bureau of Justice Assistance; Grant Application Submittal and Pending Receipt of Award; BJA FY 22 Invited to Apply — Byrne Discretionary Community Project Funding/Cuyahoga Diversion and Mental Health and Addiction Services Initiative for Application and Acceptance

Scope of Work Summary

The Department of Public Safety & Justice Services is requesting approval of a grant application and acceptance from the U.S. Dept. of Justice, Office of Justice Programs, Bureau of Justice Assistance for the pending receipt of \$500,000.00 in grant award funding with no local match requirement.

Services provided: Apply for and accept grant funds from the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance in the amount of \$500,000.00 for 100% grant funded of the Cuyahoga County Diversion and Mental Health and Addiction Services Initiative, the first-of-its-kind in Ohio, to address and manage those potential inmates with mental health and/or substance use disorders.

This initiative will simultaneously reduce and address the continuing jail population increases at the Cuyahoga County Corrections Center (CCCC), the second largest full-service jail in Ohio. The purpose of this multi-agency initiative is to ensure that those individuals who are arrested and/or convicted with a mental health illness and/or substance use disorder are treated fairly with empathy, dignity and respect. As appropriate these arrestees, that would typically be incarcerated within the general jail population, are provided the opportunity to divert from the CCCC jail to the Cuyahoga County Diversion Center (CCDC). The CCDC takes an innovative approach to improve arrestee lives by addressing and treating what is often

the underlying impetus for many criminal behavior(s). This approach ensures those who need treatment for a mental health illness and/or substance use disorder receive it, which lowers the CCCC jail inmate population safely by working with law enforcement and the justice system to redirect individuals better off in the care and environment of community health professionals.

Funding is critically needed to counteract against Cuyahoga County's ever-increasing surge of drug overdoses caused by the opioid epidemic and where it leads the State in the number of drug overdose decedents.

The CCDC houses individuals on-site for detoxification and/or stabilization that features several components to treat their illness and prepare for additional care, as applicable. These deliverables under this new Cuyahoga Diversion and Mental Health and Addiction Services Initiative are outsourced to selected service providers while allowing for additional funded service deliverables to better serve CCDC clients. This initiative ultimately will provide improved care and equity for these individuals while making the community safer for all Cuyahoga County citizens.

The primary goals of the project under this funding solicitation is for the CCDC to take an innovative approach to improve arrestee lives by addressing and treating what is often the underlying impetus for many criminal behavior(s). This approach ensures those who need treatment for a mental health illness and/or substance use disorder receive it which, in turn, lowers the CCCC jail inmate population safely by working with law enforcement and the justice system to redirect individuals better off in the care and environment of community health professionals. The Cuyahoga County Diversion Center will ultimately provide the support needed for safer public health and safety for the Cuyahoga County communities it serves.

As part of the Consolidated Appropriations Act, 2022 (Public Law 117-103) the Cuyahoga County Diversion and Mental Health and Addiction Services Initiative has been invited and designated for the grant award appropriation totaling \$500,000.00 as part of the "Byrne Discretionary Community Project Grants/ Byrne Discretionary Grants." The goal of the Byrne Discretionary Grants program is to improve the functioning of the criminal justice system, prevent or combat juvenile delinquency, and assist victims of crime in geographic areas as designated in the Consolidated Appropriations Act, 2022 (Public Law 117-103).

The Cuyahoga County Diversion Center is a 50-bed facility, with staff onsite 24/7. Services can include assessment, medical evaluation, case management, counseling, medications, Medication Assisted Treatment (MAT), withdrawal management (detox), NAMI educational groups, referral and linkage to other community services. Treatment costs are covered by Medicaid and/or the local Alcohol, Drug Addiction and Mental Health Services (ADAMHS) Board. Treatment services are certified through the Ohio Department of Mental Health and Addiction Services (OhioMHAS). The Cuyahoga County Diversion Center initially opened on May 3, 2021 with treatment costs covered by Medicaid and/or the local ADAMHS Board. Treatment services are certified through the Ohio Department of Mental Health and Addiction Services (OhioMHAS).

Procurement

The procurement method for this project is by way of a grant agreement. The total value of the grant agreement is forecasted to be \$500,000.

Department of Public Safety & Justice Services; 2022 - 2023; U.S. Dept. of Justice, Office of Justice Programs, Bureau of Justice Assistance; Grant Application Submittal and Pending Receipt of Award; BJA FY 22 Invited to Apply — Byrne Discretionary Community Project Funding/Cuyahoga County Central Booking Technology and Equipment Enhancement Initiative for Application and Acceptance

Scope of Work Summary

The Department of Public Safety & Justice Services is requesting approval of a grant application and acceptance from the U.S. Dept. of Justice, Office of Justice Programs, Bureau of Justice Assistance for the pending receipt of \$500,000.00 in grant award funding with no local match requirement.

Services provided: Apply for and accept grant funds from the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance in the amount of \$500,000.00 for the 100% grant funded Cuyahoga County Central Booking Technology and Equipment Enhancement Initiative. This project prepares the Cuyahoga County Corrections Center (CCCC), the second largest full-service jail in Ohio, for improved operational efficiencies, more timely processing of arrestees, and a reduction in the jail population.

The project provides for a facility redesign to eliminate the current linear criminal justice “steps” resulting in the new “real-time” engagement platform for all relevant agencies at the time of arrest. Project stakeholders include: City of Cleveland Prosecutor, City of Cleveland Municipal Clerk of Court, City of Cleveland Municipal Court, City of Cleveland Police Department, Cuyahoga County Clerk of Court, Cuyahoga County Common Pleas Court, Cuyahoga County Prosecutor, Cuyahoga County Public Defender, Cuyahoga County Sheriff’s Department, and Cuyahoga County Witness Victim Services.

The purpose of the “Central Booking Technology and Equipment Enhancement” multi-agency program is to ensure that, during the arrest and arraignment process, arrestees are: treated fairly, with dignity and respect; diverted from the criminal justice system when appropriate; charged justly and properly; provided counsel at the earliest opportunity; and released on the least costly financial conditions and least restrictive non-financial conditions that will reasonably assure public safety and appearance at court. In addition to timely informed decision-making efficiencies, the project provides for improved outcomes to include: earlier identification of cases for diversion, enhanced charging capabilities, early assignment of counsel, earlier court pre-trial assessments, pre-release screening, and increased time efficient performance metrics. The requested funding will support furnishings equipment costs necessary for implementation of the Cuyahoga County Central Booking Technology and Equipment Enhancement Program.

The primary goals of the project under this funding solicitation is for the CCCC to improve the functioning of the criminal justice system and assist victims of crime in geographic areas and as further designated in the FY22 Consolidated Appropriations Act. The project will improve the capacity of the criminal justice system to effectively plan, manage, and allocate resources through the purchasing of equipment and to provide more responsive law enforcement services. The Cuyahoga County Central Booking Technology and Equipment Enhancement Initiative will ultimately provide the support needed for safer public health and safety for the Cuyahoga County communities it serves.

As part of the Consolidated Appropriations Act, 2022 (Public Law 117-103) the Cuyahoga County Central Booking Technology and Equipment Enhancement Initiative has been invited and designated for the grant award appropriation totaling \$500,000.00 as part of the “Byrne Discretionary Community Project Grants/ Byrne Discretionary Grants.” The goal of the Byrne Discretionary Grants program is to improve the functioning of the criminal justice system, prevent or combat juvenile delinquency, and assist victims of crime in geographic areas as designated in the Consolidated Appropriations Act, 2022 (Public Law 117-103).
