Councilmember Meredith Turner
Councilmember Dale Miller

II. – REVIEW MINUTES – 3/27/2023

Michael Chambers motioned to approve the minutes from the March 27, 2023 meeting; Meredith Turner seconded. The minutes were approved by unanimous vote, as written.

III. – PUBLIC COMMENT

There were 5 individuals who provided public comments with respect to the award recommendation to Lutheran Metropolitan Ministry (Contract No. 2874) located at 4100 Franklin Boulevard for rehabilitation and repair services for the youth drop-in center in connection with alternative housing and related services and support for COVID Recovery being presented under Agenda Item Number BC2023-183.

Marge Misak who lives at 3018 Clinton Avenue in Cleveland about a block from the proposed drop-in center with her husband, stands along with over 200 other individuals, and various organizations in full support of the project. Ms. Misak commented many individuals and organizations showed their support by signing a letter at a community block club meeting. Ms. Misak stated she wants us to be aware that this project has been extensively vetted over the past year and a half at community-wide and three block club meetings. Ms. Misak commented that through written answers from Lutheran Metropolitan Ministry and project partners to neighbors' questions, along with sessions that Lutheran Metropolitan Ministry held in the neighborhood to hear and discuss concerns. In the end the local block club strongly supported Lutheran Metropolitan Ministry's application to the board of zoning appeals to move forward with the project by a 59% vote. Ms. Misak commented that the position on this project was made with a good knowledge of potential impact to the community and the neighborhood. Lutheran Metropolitan Ministry and its predecessor organization have pursued their charitable mission for decades Franklin Avenue neighborhood. They have been in at 4100 Franklin Avenue since 1906. Ms. Misak stated that they welcome the opportunity for this charitable mission to now focus on the very vulnerable populations that

need the care. Ms. Misak stated you've heard from a very small minority of neighbors in opposition to this but wanted the Board of Control to continuously listen to the strong neighborhood support and urges the Board of Control to do everything to fund the project going forward.

Maria Foschia, President and CEO of Lutheran Metropolitan Ministry. Lutheran Metropolitan Ministry is a partner in the youth drop-in center with a Place 4 Me, the Sisters of Charity Foundation and the Youth Action Board. This project is very close to the Office of Homeless Services. Ms. Foschia commented there's a lot of community support by other non-profit Partners which you may hear from today. Lutheran Metropolitan Ministry has been contributing to the planning, including fund raising for both the operations and for Capital Improvements so it's important for the Board of Control to hear a couple of things. One, that there's a lot of community support and secondly, a lot of private investment. The building rehabilitation is estimated at a little over 1.5 million dollars. The project has resounding support from private funders, individuals, corporations, and foundations, lending over half the funds for this project. Most importantly they have stuck with us through some of the really challenging times over the last couple of years. The funders understand that it's an important project for the community. Ms. Foschia commented that this funding approval would get us to about 1 million dollars of the 1.5 million dollar goal. Ms. Foschia respectfully urges the Board of Control to approve this item, so that when they are able to move forward, they want the funds readily available. Ms. Foschia commented the more delays, the costs will continue to go up. Lutheran Metropolitan Ministry and their architects are ready; the permit is continuing to go through the City's process. Ms. Foschia's final comment was to urge the Board of Control to consider moving this forward so that when the Project's ready to move and all the parts are in place can confidently move knowing that this funding is there.

Molly Martin is a resident of the Ohio City Neighborhood where the proposed youth drop-in center is located. Ms. Martin works with the Northeast Ohio Coalition for the homeless and over the last year and a half has had the privilege of working with a few young adults who experienced homelessness some of whom are here today. These young adults have been really important Partners in helping to shape what the youth drop-in center would be. Ms. Martin stated she knows that this board doesn't typically hear public comments and she knows a lot of the process right now will be after the board of zoning appeals and the court proceedings, however the question she offers to this group and part of the motivation for attending today is that over the last two years has been following the use of the American Rescue Plan Act funds and has been really encouraged that the drop-in center is a really meaningful investment in the County's strategy to end youth homelessness and this will help shape how youth homelessness is addressed in our County moving forward. Ms. Martin stated what she's seen over the last couple of years is that ARPA funds have been used quite flexibly and is very curious to see if there really is any reason to delay funding to Lutheran Metropolitan Ministry due to the legal proceedings by the neighbors. Ms. Martin stated she has been really inspired over the last year and a half in just how committed Lutheran Metropolitan Ministry has been to this project and regardless of what happens with this site doesn't think their commitment to creating this much needed service in our community is going to be jeopardized regardless of what happens with this site and what minority neighbors are doing to try and halt it.

Hannah Gates stated that she skipped class today to be here. Ms. Gates is a full-time student at Cleveland State University and is majoring in Economics and Political Science. The reason she skipped class today was not because she likes advocating for things that matter to her over her education but that this is something that she has a deep connection with. Ms. Gates has struggled with youth homelessness for four years. Ms. Gates commented she has been a part of this community and grew up and went to see the inauguration of President Obama. She is very passionate about politics and all the above and that's why she is studying Politics, but this is beyond politics, it is about you know human

rights and what is deserving of youth and people who are struggling. Ms. Gates commented that the biases of you know what is acceptable and not acceptable in our society should not exclude housing and support people who are without housing, aside from that she been a part of this project for three years and in those three years was also homeless and the things she thought about were not whether or not they would get approved for funding or would get approved to have a location but the fact that they were doing the work that it would actually happen. She was just excited and in the last you know six months it's taken a complete turn of what she expected it to be and was shocked to say the least. She is not here to tell you or beg you to approve or whatever just to lay down the facts that they have been doing this for a long time and it is something that will benefit not just one homeless youth but the majority of homeless youth in Cleveland. Ms. Gates stated she doesn't know why something like this wouldn't be approved like why would we want to see people um like her a college student without support, like it just doesn't make sense so yeah she is here to put the Humanity side of it in the record.

Courtney Morgan has been working on this project since it started. She is at the youth center. She was in foster care and homeless when she was in the 12th grade. She stated she is struggling right just like other young people. It's been hard going through the listening sessions and hearing what the neighbors have to say even after they share their stories. It's like they really don't care for homeless youth and stuff. Ms. Morgan stated that she doesn't want to keep seeing her sisters and brothers and people that she is friends with in foster care just outside with nothing and with no resources to help. Ms. Morgan commented imagine if this was like your niece, son or daughter in foster care that needed support or needed something, and they couldn't get it because of some people don't like the program or don't accept it because it's in their backyard. Ms. Morgan feels like everybody should have an opportunity just like everybody else who goes home and eats and have clothes. Ms. Morgan commented that this was something she didn't have for a while even when in foster care so just having that today, and being privileged to be on the other side and help show homeless youth like hey like I graduated college and have my own place now but still struggles and still asks for help. Ms. Morgan stated the drop-in center will fill in those gaps and hopefully this project does go through so she can help them too.

IV. – CONTRACTS AND AWARDS

B. – Tabled Items

BC2023-183 Tabled at the request of County Council after discussions.

~~Department of Health and Human Services/Community Initiatives Division/Office of Homeless Services, recommending an award on RQ8737 and enter into Contract No. 2874 with Lutheran Metropolitan Ministry (59/18) in the amount not to exceed \$247,113.00 for rehabilitation and repair services for the youth drop in center in connection with alternative housing and related services and support for COVID Recovery for the period 1/1/2023 – 12/31/2023.~~

~~Funding Source: General Fund – American Rescue Plan Act Revenue Replacement (ARPA)/Provision of Government Services~~

David Merriman, Health and Human Services and Melissa Sirak, Office of Homeless Services presented.

Trevor McAleer directed a question to Greg Huth, Law Director, based on David Merriman suggestion the contract language be amended regarding payment which was based off I think the advanced questions and the response that Council received we would pay 25% out as soon as the contract is executed, is that

something that we would do at the Board of Control level or is that something that would be in the final contract; asked we don't really approve the payout terms at the Board of Control, so is that something we need to take action on or is that something administratively can be done through the contract; asked with respect to the responses to the advanced questions and the answer to the question did the City of Cleveland issue the building permits and I believe the answer was no; and so obviously no work will happen until the building permits are issued is that correct; asked that if we should proceed with approving this knowing what is happening at the Court of Common Pleas and I believe it's the Law Department's opinion that we should hold off, right. Asked whether the City of Cleveland could add us as a co-defendant to the case which is a little bit of concern but I would just ask our law director to weigh in on that; asked a follow-up question of the Law Director not knowing what the language would be either but your proposal that you just considered you're saying we could approve but with a contingency that no contracts will be executed until what happens; asked so what will be the difference on holding this item using David's language until the permits can be issued; asked what would be the difference of holding the item because we meet every Monday. I think council's been clear and I know the chair of the Health and Human Services committee is fully supportive of this and has gone over this with the Council President who I represent on the Board of Control is fully supportive it's just in the discussions with council members sharing concerns about the pending legalities, it has nothing to do the project. We meet every Monday, so I guess I don't see the harm in holding this until it's resolved. We can put it on the meeting and can even walk it on the next available Monday Board of Control Agenda.

Michael Chambers asked can we not be drawn into this either way if we do nothing or we do something, are we not I think; could we be brought in anyway.

Trevor McAleer asked would it be more difficult if the County's does not have an interest in the project at this point.

Michael Chambers asked David Merriman the goal is to move forward with it in your vision and what does that sent by us approving it or not like we suggested today or waiting.

Trevor McAleer I mean there's a court order right now and asked say if this project cannot happen what would happen.

Dale Miller asked of the Law Director can you state exactly what was in the court order.

Dale Miller asked is there a possible scenario where the stay is lifted, and the City issues the permits and then new litigation is filed saying the city should not have issued those permits and then we go into another round of litigation or would lifting the stay mean that the project is in the clear; asked whether any decision like that could be appealed so it could just keep going. Dale Miller commented that he strongly supports this project and thinks it's good for the community and that these services are needed. That he received a good number of emails over the weekend and that he is appreciative of the community is in favor of the project. He is certainly ready to move forward just as quickly as the legal situation is resolve but does have concern that we might do better to wait until we know we're clear legally.

Mike Chambers asked are we risking cost increases and everything the longer we wait.

Scope of Work Summary

Department of Public Works requesting approval of a 2nd amendment to the agreement with ECS Midwest, LLC for a time extension to December 31, 2024. The amendment does not request additional funds.

The original Board of Control Approval Number is BC2020-657.

The primary goals of the project are to approve this amendment to utilize the remaining balance of the contract so that ECS Midwest, LLC may continue to assist the Department of Public Works Construction team and to avoid delays of road and bridge construction projects.

Procurement

The procurement method for this project was RFQ 45480. The total value of the RFQ was \$490,000. There were 2 contracts awarded for \$245,000 each.

The above procurement method was closed on May 29, 2019. There was a DEI goal of SBE 15%, MBE 10%, WBE 5%.

There were 4 proposals submitted for review by the selection committee; Resource International Inc. was one of 2 contracts awarded as part of this RFQ.

Contractor and Project Information

ECS Midwest, LLC
1125 Valley Belt Road
Brooklyn Heights, Ohio 44131

The Chief Operating Officer's name for the contractor/vendor is Chris Lopez.

Project locations vary.

The work is located in various Council Districts.

The project's term has already ended. It was determined that the existing ECS Midwest, LLC contract has \$130,159.74 balance remaining out of the original \$245,000.

By amending the end date of this existing contract from September 2, 2022 to December 31, 2024 the consultant can continue to assist our construction team to administer our road and bridge projects for the 2023 construction season. Retaining Resource International and processing an amendment would not delay any roadway or bridge construction projects.

Timeline for late submittal
