The service is offered to all residents of Cuyahoga County by dialing "2-1-1" 24 hours a day, every day of the year, or by engaging via chat at 211 oh.org. Professional, trained Community Resource Navigation Specialists ("Specialists") with experience handling a wide array of populations, assess social service needs, review eligibility for programs, provide information and referrals, and offer crisis de-escalation and advocacy as needed. Additionally, the Provider will maintain a specialized service, MedRefer, for the purpose of connecting 2-1-1 callers to free and low-cost medication.

The anticipated start-completion dates are 01/1/2023-12/31/2023

The primary goals of the project are:

To provide 24-7 access to health and human services information and referral for Cuyahoga County residents.

An RFP exemption is being sought for this award because United Way 2-1-1 is the only entity in Cuyahoga County nationally accredited by the Alliance of Information and Referral Systems. 2-1-1 was first launched in 2004 as a joint effort between the County and United Way. Since then, 2-1-1 has become part of the fabric of health and human services in the community and is needed to direct people to services and to identify trends and document community needs. More than 160,000 Cuyahoga County residents seek assistance from 2-1-1 each year to be assessed and appropriately directed to helping agencies. 2-1-1, due to its robust database and ability to pre-screen callers for services, saves government and nonprofit agency staff time as they are not fielding inappropriate/misdirected requests for service. 2-1-1 saves the client time by not having to contact multiple organizations or visit agencies in-person to determine if they qualify and what options they have for assistance. 2-1-1 saves the client the cost of commuting, day care, dialing 4-1-1 and the psychological cost of "the run-around." Lastly, 2-1-1 records caller demographics and needs and can identify trends and document unmet needs as well as the frequency of needs requested,

and referrals provided. 2-1-1 helps County HHS better understand the needs of residents and develop plans to address service gaps.

Department of Public Works – 2022-2023 – Concrete Alternate Procurement

Scope of Work Summary

The Department of Public Works is requesting an Alternative Procurement process that will result in as-needed Purchase Orders to various concrete vendors. The County's Road & Bridge Division provides maintenance and repair of critical infrastructure within the County and the Communities that we service, providing concrete services to bridges, culverts, sidewalks and streets. The County's Facilities Division also utilizes concrete materials for in-house projects that are critical to overall building maintenance and capital projects.

This Alternative Procurement will allow the Road & Bridge Division and Facilities Division to access vendors on an as-needed basis for those concrete services in a timely manner that meets the needs of the County.

Procurement

The procurement method being requested is an Alternative Procurement that stemmed from an informal bid that was released. Public Works was able to secure three quotes from vendors and this Alternative Procurement will allow the County to create as-needed purchase orders for those three vendors, for a period of two-years, in the amount of not-to-exceed \$320,000.00.

As Purchase Orders are needed, Public Works will submit those to the County Board of Control for approval, referencing this Alternative Procurement.
