**Hearty Praise from Cleveland Six Owners**

The Cleveland Six will dominate the light car field because it is so much better. It will lead because it gives so much more in smooth-flowing power, in ease of riding, in style and quality, than other light cars. Thousands of Cleveland Sixes are on the road right now, performing in every sense and in the last degree right up to expectations.

Indeed, describing much here seems foolish. "The combination alone cannot be better or else, before you know it." "There's practically no vibration." "It hardly gives me sharp hills and long mountain climbs." Cleveland owners tell of all these things and they will tell you if you ask them.

Cleveland owners are enthusiastically pleased by the ease of drive. "It handles like a feather." "You can drive it with one finger." "It just seems to run itself." There are hundreds of other phrases of praise come from enthusiastic Cleveland owners.

"I don't see so fast to any car that was ever built."
