

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 800-540-2583. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at [MedMutual.com/SBC](https://www.medicare.gov/medmutual/sbc) or call 800-540-2583 to request a copy. This plan will pay covered services only.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	\$0/single,\$0/family Tier 1 Provider (MetroHealth Provider & designated) Not Covered: Tier 2 Providers N/A Not Covered: Tier 3 Providers N/A	No <u>deductible</u> is charged for covered services by Tier 1 Providers. Generally, you must pay all costs from providers up to the <u>deductible</u> amount before a <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> . A <u>deductible</u> is not applicable as only Tier 1 providers are covered under this plan.
Are there services covered before you meet your <u>deductible</u> ?	Yes. Certain <u>preventive care</u> and all services with <u>copayments</u> are covered and paid by the <u>plan</u> before you meet your <u>deductible</u> .	Even when there is no <u>deductible</u> to meet, a <u>copayment</u> or <u>coinsurance cost-sharing</u> may apply for services. This <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other <u>deductibles</u> for specific services?	No	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u> ?	Tier 1 Provider Out-of-pocket Limit: \$6,600/single,\$13,200/family Not Covered: Tier 2 Providers N/A Not Covered: Tier 3 Providers N/A	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services before your cost responsibility stops. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met. The <u>out-of-pocket limit</u> includes the deductible, coinsurance payments, medical plan copays, and prescription drug copays. Once your <u>out-of-pocket limit</u> has been reached for an individual or family, the plan pays 100% of covered expenses for the remainder of the plan year. As there is no coverage under this plan for services by Tier 2 and Tier 3 providers, <u>out-of-pocket limits</u> do not apply, and your cost responsibility could be unlimited.
What is not included in the <u>out-of-pocket limit</u> ?	<u>Premiums</u> , balance-billed charges and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .

Will you pay less if you use a <u>network provider</u>?	Yes, See MedMutual.com/SBC or call 800-540-2583 for a list of participating providers.	This plan uses MetroHealth and its designated service providers as its provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , as their services are not covered by this plan. You might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u>?	No	You can see the Tier 1 specialist you choose without a referral .

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
