Introduction

The statistics contained within this report are from the calendar years 2007, 2008, 2009, 2010 under the previous system of government which included an elected County Coroner.

Going forward, Cuyahoga County now retains an appointed Medical Examiner who is responsible for the duties of death investigations and determining cause of death in cases of sudden and suspicious deaths, natural or otherwise.

This report carries on a tradition long held in Cuyahoga County of providing information and statistics from as far back as 70 years (1938) uninterrupted. It is the intent of the Cuyahoga County Medical Examiner's Office to once again, produce such statistical reports on an annual basis.

C.C.C.O. – Case Statistics 2007-2010

CUYAHOGA COUNTY CORONER'S OFFICE				
CASE STATISTICS				
	2007	2008	2009	2010
Accidents in the Home	557	514	500	522
Accidents While at Work	16	12	14	18
Vehicular Accidents	114	143	109	128
