

2021
ETHICS COMPLIANCE REPORT

Cuyahoga County
Personnel Review Commission

PURPOSE OF THIS COMPLIANCE REPORT

Chapter 9.02 of the Cuyahoga County Charter and Chapter 407 of the Cuyahoga County Code (the Ethics Policy) state the Personnel Review Commission's (PRC) authority relative to the Ethics Policy. Chapter 9.02 empowers the PRC to review and audit compliance with federal, state, and local laws regarding personnel matters within the County Executive's organization and departments. This includes the "authority to submit reports and recommendations to the County Executive and County Council on issues of compliance."

Ethics Policy/ Code Section 407.02 specifies the PRC's reporting authority. It requires the PRC to provide an annual report to County Council detailing employee ethics training provided by HR, employees' receipt of ethics laws, and HR's posting of whistleblower policies in County worksites. The specific requirements for these three areas are:

- **Training** – All elected officials, employees, and board members are required to complete ethics training within 30 days of assuming office. Thereafter, elected officials and employees are required to complete training on an annual basis. (Ethics Policy/ Code §403.01(A).)
- **Distribution** – A copy of ethics laws and the County Ethics Policy Manual prepared by the Department of Law shall be distributed to all elected officials, employees, and board members who shall acknowledge receipt. (Ethics Policy/ Code §§403.01(B), 407.03(C).)
- **Posting** – Whistleblower policies shall be posted with other employment law postings at County worksites. (Ethics Policy/ Code §407.03(E).)

CUYAHOGA COUNTY'S ETHICS POLICY

The Charter and the Ethics Policy govern the duties of the Inspector General (IG), the County's Department of Human Resources (HR), and the Personnel Review Commission (PRC) relative to the Ethics Policy. Cuyahoga County's Ethics Policy, also known as the Ethics Code or Law, is stated in Title 4 of the Cuyahoga County Code (Code).

Inspector General's Duties Relating to this Compliance Report

The IG has prepared a comprehensive Plain Language Guide/Ethics Policy Manual (Guide) to "assist County employees, elected officials, board members, contractors and lobbyists to better understand and comply with the County Ethics Code." (Ethics Policy/ Code §407.01(M).) This Guide is located on the Agency of the Inspector General's ("AIG") website under the "Everyday Ethics" tab. (<https://inspectorgeneral.cuyahogacounty.us>)

HR's Duties Relating to this Compliance Report

Ethics Policy/ Code Section 407.03 states HR's duties. Among other duties not relevant to this Compliance Report, HR must administer ethics training, distribute a copy of the County's Ethics Policy Manual to all elected officials, employees, and board members who are required to receive ethics training, receive and maintain records of ethics certifications, and post the County's Whistleblower Policy at County offices. (Ethics Policy/ Code §407.03(A), (C), (D).) HR is authorized to enforce ethics compliance and may take actions necessary to do so. (Ethics Policy/ Code §407.03(E).)

County Employees' Duties

The Cuyahoga County Employee Handbook Section 4.01 outlines County employees' duties relative to the Ethics Policy. It states:

“All employees are required to demonstrate a high standard of ethical conduct. New employees are required to complete ethics training within the first thirty (30) days of their employment. All employees are required to complete ethics training annually. The County has an Ethics Code, which is administered by the Agency of the Inspector General. The Ethics Code can be found in Title 4 of the County Code.”

In accordance with the PRC's authority and responsibilities, below is the PRC's 2021 Ethics Compliance Report.

This Compliance Report, as well as the attachments to it, will be posted on the PRC's website at <http://prc.cuyahogacounty.us/en-US/Compliance.aspx>.

PRC'S 2021 ETHICS COMPLIANCE REPORT

A. PRC'S OBJECTIVE AND METHODOLOGY IN PREPARING THIS COMPLIANCE REPORT

This Compliance Report is intended to provide Cuyahoga County Council with a summary of the Human Resources Department's compliance with the County's Ethics Policy, specifically Section 407.03 of the County Code.

The PRC and HR collaborated to compile information necessary to provide County Council with this Compliance Report, in accordance with Section 407.02 of the Code. The Human Resources Department provided the data for this Compliance Report in the accompanying spreadsheet, Attachment A. The data was captured on April 20, 2022.

The PRC used the following data to produce this Compliance Report:

- HR's 2021 Upholding Trust in Government: Cuyahoga County Ethics Law Report from the MyLearning recordkeeping system captured on April 20, 2022 (Ethics Training Report), for Executive employees
- HR's 2021 Upholding Trust in Government: Cuyahoga County Ethics Law Report from the MyLearning recordkeeping system captured on January 10, 2022, for Non-Executive employees
- HR reports of termination dates and leave of absence dates of non-compliant employees from the County's Executive employee information databases SAP and INFOR
- County Executive's Personnel Agendas for 2021
- HR report regarding Whistleblower Policy postings in 2021
- 2021 Whistleblower Policy poster
- 2021 Annual Ethics Training flyer

B. PRC'S COMPLIANCE FINDINGS, COMPLIANCE CONCERNS, AND RECOMMENDATIONS FOR EMPLOYEES

All elected officials, employees, and board members are required to complete ethics training on an annual basis, and newly hired employees must complete it within 30 days of hire. (Ethics Policy/ Code §403.01(A).) This compliance audit includes all employees hired or employed in the County Executive's organization pursuant to Charter Section 9.02(2) during calendar year 2021.

As background, in 2021, the County's Human Resources department transitioned to a new Enterprise Resource Planning (ERP) system which is a county-wide integration of multiple business systems for the County. The overarching system is INFOR, and it includes multiple modules to address aspects of HR, such as the talent acquisition module, the employee training module (MyLearning), the employee data module (Global Human Resources, GHR), and the benefits module.

The PRC does not have access to or training in the ERP MyLearning module of INFOR. Thus, we must rely solely on information from HR as it is responsible for maintaining records of the compliance activities audited in this Compliance Report. Those activities include providing ethics

2021 ETHICS COMPLIANCE REPORT

training to employees, providing the Ethics Policy to employees, posting the Whistleblower poster at County worksites, and maintaining records of these activities.

It is important to note that data obtained from the MyLearning module is updated daily and reflects the current workforce only on any given day. The data contained in the Ethics Training Report was captured on April 20, 2022. To ensure accuracy, the PRC obtained the dates of employee leaves of absence that were shown on the April 20, 2022, Ethics Training Report. The PRC also reconciled all dates of termination on the Ethics Training Report with HR's Personnel Agendas that were prepared periodically in 2021.

The County's Approach to 2021 Ethics Training

Beginning on September 15, 2021, the annual required ethics training was offered electronically via the My Learning employee portal in INFOR. Access to this electronic training was announced via a County-wide email on September 14, 2021, and on the County's intranet under the "Cuyahoga County News Now" tab. County employees were notified that this training is an annual requirement that was required to be completed by December 31, 2021.

Employees were advised to log in to "MyLearning" through the INFOR landing page to view the options available to complete the training. Options included online training through MyLearning on employees' desktops, tablets, or mobile devices, in-person training at select locations by request, and virtually through Microsoft Teams by request. This tab contained hyperlinks to the "MyLearning" system and an instruction sheet describing how to access the "MyLearning" website regardless of work location. A link to the Ethics Policy was located within the course on the acknowledgment page. The Ethics training in the "MyLearning" system was a 45-minute virtual video presentation.

The County also offered full-length in-person training because not all employees have access to computers in their regular work for the County. For in-person training, the link to the Ethics Policy is stated on the back of the Assessment form provided to employees after the training. In-person training was provided to Sheriff Department Corrections Officers in March 2022 and for Public Works Department employees periodically from September 2021 through December 2021. No one requested Microsoft Teams training.

The County tracked employees who failed to complete ethics training in 2021. The County did not do this in 2019 and 2020. Starting in January 2022, on a weekly basis Kathy Jackson, Training Manager, has sent a report to HR Team Managers identifying non-compliant employees. HR Team Managers are expected to prepare emails to these employees reminding them of the ethics training requirement, with copies to the employees' supervisors. HR has indicated that to preserve employee relationships with HR Managers, there is no standard language to send the employees however, the Managers are expected to notify the employees of their non-compliance. HR Managers are also expected to advise Directors of the non-compliant employees at periodic leadership meetings. HR is currently in the process of providing the names of employees who still have not taken the 2021 ethics training to the Inspector General. The

Inspector General is expected to send these employees a “Letter of Notice”. This is the final step in the process, and no further action is taken; in other words, there is no punitive consequence when employees fail to fulfill this training requirement.

1. 2021 Ethics Training of Executive Employees

The data from the April 20, 2022, Ethics Training Report shows that 4,484 Executive agency employees were required to complete 2021 ethics training. Of this number, 3,873 completed it in 2021.

Compliance Concern #1

Of the 4,484 employees who were required to complete 2021 ethics training:

- 200 employees completed it in 2022.
- 415 employees failed to complete it. Of these 415 employees:
 - 13 employees were on leaves of absence in 2021.
 - 228 employees separated employment in 2021.
 - 25 employees separated employment in 2022.

Notably, the County Executive Armond Budish had not completed the 2021 ethics training as of April 20, 2022. The Executive’s Chief of Staff William Mason and the Communications Director Mary Louise Madigan, Head of Communications, completed the 2021 ethics training on March 21, 2022.

PRC Recommendation #1

Section 403.01(A) of the County Code states that “elected officials and employees shall complete ethics training annually for every year of service with the County....” Employees not on approved leave who failed to complete training before December 31, 2021, violated the Ethics Policy.

The PRC recommends that, no later than January 31st of the following year, HR should advise all employees who fail to complete ethics training on or before December 31st of the prior year that they are in violation of the County Code. Employees who have not completed ethics training within 30 days of receipt of the reminder notice from HR should be sent the IG Letter of Notice. The IG’s Letter of Notice should advise employees that if they do not complete ethics training within 30 days, HR Leadership will impose discipline. HR should determine the level of discipline on a case-by-case basis and impose the discipline. HR should also ensure that discipline has been imposed by tracking it.

2. New Employee Training of Executive Employees

Section 403.01(A) of the Ethics Policy/ Code requires that new employees of the County attend ethics training within 30 days of hire. HR is responsible for conducting this training. (Ethics Policy/ Code §407.03(A).) Ethics training is included in the County’s New Employee Orientation and is offered online via MyLearning. For online training, a link to the ethics policy is located within the course on the acknowledgment page. For in-person training, the link is located on the back of the Assessment.

Compliance Concern #2

The County hired 407 new employees in 2021. Of these employees:

- 85 employees terminated employment in 2021 and were not required to complete the ethics training.
- 19 employees terminated employment in 2022.

This leaves 303 active employees hired in 2021 who were required to complete the training within 30 days of the hire date.

Of the 303 active employees hired in 2021 who were required to complete the 2021 ethics training within 30 days of their hire date:

- 44 completed the training within 30 days of hire.
- 244 completed the training more than 30 days after being hired.
- 15 did not complete the training as of April 20, 2022.

In conclusion, only 44 of 303 employees hired in 2021 completed required ethics training within 30 days of hire.

PRC Recommendation #2

All new employees, whether full-time, part-time, temporary, or permanent must attend ethics training within 30 days of hire per County Code §403.01(A). 259 newly hired employees who were required to take the ethics training within 30 days of hire violated the law. To comply with the law, this requirement must be applied consistently and enforced by managers, directors, and HR personnel. HR has indicated that new hires are advised to take the ethics training ‘whenever they have time’ which is clearly inconsistent with the legal requirement that they complete this training within 30 days of being hired. These 259 employees who did not complete the training in the time required should be subjected to discipline.

C. DISTRIBUTION OF ETHICS LAW/ETHICS POLICY MANUAL AND POSTING OF WHISTLEBLOWER POLICY

HR is responsible for:

- distributing the Ethics Law and the County Ethics Policy Manual to elected officials, employees, and board members; and
- posting the County’s Whistleblower Policy at County offices; and
- maintaining records of these activities. (Ethics Policy/ Code §407.03.)

1. Distribution of Ethics Law/ Ethics Policy Manual

Section 407.03(C) requires HR to “furnish a copy of the County Ethics Policy Manual prepared by the Department of Law to all elected officials, employees, and board members on or before the date of their first ethics training.” In 2017, the PRC was informed that the County Ethics Policy Manual is posted on the AIG’s website. On the that website, the Ethics Policy is located by clicking on a tab titled “Everyday Ethics”. Within that tab are three sub-files titled “Plain Language Ethics Updates”, “Plain Language Guide” and “Ethics Law.”

In the “Plain Language Guide” tab, readers are provided with the following statement:

“In 2017, the AIG prepared A Plain Language Guide to County Ethics Law. This guide was created to give a better understanding of the County Ethics Law. Throughout the Guide you will find explanations and examples illustrating the County Ethics Code, as well as links to previous AIG Advisory Opinions.”

Footnote No. 1 in this guide explains that the guide complies with the IG’s duties pursuant to Code Section 407.01(M). This guide constitutes the County’s Ethics Policy Manual.

During on-line ethics training, HR notifies participants of the electronic link for the County’s full Ethics Policy Manual and Ethics Law (Title 4 of the County Code) on the County’s website and participants are required to sign an Acknowledgment form to confirm receipt of this information. For in-person training, the links to the County’s full Ethics Policy and Ethics Law are stated on the back of the Assessment form provided to employees after the training.

HR has confirmed its distribution of the Ethics Law/ Ethics Policy Manual to those employees who completed 2021 ethics training. Those employees who did not complete the 2021 ethics training have not been provided with this link.

Compliance Concern #3 and PRC Recommendation #3

All employees should be provided with the Ethics Law/Ethics Policy Manual annually, even those who did not complete ethics training for the year. The PRC recommends that the Ethics Law/Ethics Policy Manual be provided at the beginning of the year.

2. Posting of the County’s Whistleblower Policy

HR is responsible for posting the County’s Whistleblower policy at all County worksites. (Code §407.03(D, E).)

HR has confirmed that the Whistleblower policy is posted at all County worksites via the attached Whistleblower Report of posting locations. See Attachment B.

PRC has no compliance concerns regarding HR’s adherence to this policy.

D. 2021 ETHICS TRAINING OF NON-EXECUTIVE EMPLOYEES

Per Section 407.03(A) of the County Code, HR “shall receive and maintain records of ethics certifications from all ... elected officials, employees, and board members.”

These terms are defined in the Code as follows:

“Elected Official” shall include any person holding elective office specified in, or established pursuant to, the Charter. Such Elected Officials shall include, without limitation, the County Executive, the Prosecuting Attorney, the County Council, the Personnel Review Commission, the

2021 ETHICS COMPLIANCE REPORT

Board of Revision, the Inspector General, and any other county agency hereafter established by or pursuant to the Charter. (County Code § 402.01(E))

“Employee” shall mean any employee of Cuyahoga County including, but not limited to, any person employed, full or part time in a temporary or permanent capacity, by the County Executive, the Prosecuting Attorney, the County Council, the Personnel Review Commission, the Board of Revision, the Inspector General, and any other county agency hereafter established by or pursuant to the charter. (County Code § 402.01(F))

“Board Member” shall include members of any board, agency, commission, or authority as is or may hereafter be established by or pursuant to the Charter or County Code who are appointed or confirmed by elected officials or county officers or directors. (County Code § 402.01(B))

The PRC received an additional spreadsheet from HR dated January 10, 2022, which reflected ethics training attendance of employees of the following non-Executive agencies, boards, and commissions: ADAMHS, Board of Elections, Board of Health, Board of Revision, Board of Developmental Disabilities, Common Pleas Court, County Council, Domestic Relations, Inspector General, Internal Audit, Juvenile Court, Municipal Courts, Planning Commission, Personnel Review Commission, Probate Court, Prosecutor, Public Defender, Soil & Water District, Soldiers & Sailors, Solid Waste, and Veterans Service Commission.

The total number of active employees in 2022 in these agencies is 2,616. Of these employees:

- 148 employees completed ethics training.
- 2,468 employees did not complete ethics training.

▪ **Compliance Concern #5**

It does not appear that HR is tracking the 2022 ethics training of members of the Audit Committee, Debarment Review Board, and Economic Development Commission, to the extent these boards/commissions are active and have members that are not current county employees/elected officials [who would already be required to attend ethics training in that capacity]. HR is required by the Code to receive and maintain records of ethics certifications for all elected officials, employees, and board members. Accordingly, as to these agencies, HR is not in compliance with Section 407.03(A) of the County Code.

▪ **PRC Recommendation #5**

HR should determine which agencies are covered by the Ethics Policy, provide ethics training to those members, and maintain the records of training certifications.
