

2022
ETHICS COMPLIANCE REPORT

Cuyahoga County
Personnel Review Commission

PURPOSE OF THIS COMPLIANCE REPORT

Chapter 9.02 of the Cuyahoga County Charter and Chapter 407 of the Cuyahoga County Code (the Ethics Policy) state the Personnel Review Commission's (PRC) authority relative to the Cuyahoga County Ethics Policy. Chapter 9.02 empowers the PRC to review and audit compliance with federal, state, and local laws regarding personnel matters within the County Executive's organization and departments. This includes the "authority to submit reports and recommendations to the County Executive and County Council on issues of compliance."

The Ethics Policy specifies the PRC's reporting authority. It requires the PRC to provide an annual report to County Council detailing employee ethics training provided by the Department of Human Resources (HR), ethics laws provided to employees, and HR's posting of whistleblower policies in County worksites. The specific requirements for these three areas are:

- **Training** – All elected officials, employees, and board members are required to complete ethics training within 30 days of assuming office. Thereafter, elected officials and employees are required to complete training on an annual basis. (Ethics Policy/ Code §403.01(A).)
- **Distribution** – A copy of ethics laws and the County Ethics Policy Manual prepared by the Department of Law shall be distributed to all elected officials, employees, and board members who shall acknowledge receipt. (Ethics Policy/ Code §§403.01(B), 407.03(C).)
- **Posting** – Whistleblower policies shall be posted with other employment law postings at County worksites. (Ethics Policy/ Code §407.03(E).)

CUYAHOGA COUNTY'S ETHICS POLICY

The Charter and the Ethics Policy govern the duties of the Inspector General (IG), HR, and the PRC relative to the Ethics Policy. The Ethics Policy, also known as the Ethics Code or Law, is stated in Title 4 of the Cuyahoga County Code (Code).

Inspector General's Duties Relating to this Compliance Report

The IG has prepared a comprehensive Plain Language Guide/Ethics Policy Manual (Guide) to "assist County employees, elected officials, board members, contractors and lobbyists to better understand and comply with the County Ethics Code." (Ethics Policy/ Code §407.01(M).) This Guide is located on the Agency of the Inspector General's ("AIG") website under the "Ethics" tab. (<https://inspectorgeneral.cuyahogacounty.us>)

Human Resource's Duties Relating to this Compliance Report

Ethics Policy/ Code Section 407.03 states HR's duties. Among other duties not relevant to this Compliance Report, HR must administer ethics training, distribute a copy of the County's Ethics

2022 ETHICS COMPLIANCE REPORT

Policy Manual to all elected officials, employees, and board members who are required to receive ethics training, receive and maintain records of ethics certifications, and post the County's Whistleblower Policy at County offices. (Ethics Policy/ Code §407.03(A), (C), (D).) HR is authorized to enforce ethics compliance and may take actions necessary to do so. (Ethics Policy/ Code §407.03(E).)

County Employees' Duties

The Cuyahoga County Employee Handbook Section 4.01 outlines County employees' duties relative to the Ethics Policy. It states:

"All employees are required to demonstrate a high standard of ethical conduct. New employees are required to complete ethics training within the first thirty (30) days of their employment. All employees are required to complete ethics training annually. The County has an Ethics Code, which is administered by the Agency of the Inspector General. The Ethics Code can be found in Title 4 of the County Code."

In accordance with the PRC's authority and responsibilities, the PRC's 2022 Ethics Compliance Report is stated below.

This Compliance Report, as well as the attachments to it, will be posted on the PRC's website at <http://prc.cuyahogacounty.us>.

PRC'S 2022 ETHICS COMPLIANCE REPORT

A. PRC'S OBJECTIVE AND METHODOLOGY IN PREPARING THIS COMPLIANCE REPORT

This Compliance Report is intended to provide Cuyahoga County Council (County Council) with a summary of the County's Human Resources Department's (HR) compliance with the County's Ethics Policy, specifically Section 407.03 of the County Code.

The PRC and HR collaborated to compile information necessary to provide County Council with this Compliance Report in accordance with Section 407.02 of the Code. The Human Resources Department provided data for this Compliance Report in Attachments A and B. The PRC also obtained information from Sarah Nemastil, Director of Human Resources, and Kathy Jackson, HR Training Manager.

The PRC compiled the following data to produce this Compliance Report:

- HR's 2022 Upholding Trust in Government reports from the MyLearning recordkeeping system for employees of the Executive (Executive Employees Ethics Training Report).
- HR's report of Whistleblower Policy postings in 2022 and photographs of the postings and posting locations taken in 2023.
- 2022 Whistleblower Policy poster.
- Copies of emails sent to employees did not comply with the ethics training requirement.

B. PRC'S COMPLIANCE FINDINGS, COMPLIANCE CONCERNS, AND RECOMMENDATIONS

All elected officials and employees are required to complete ethics training on an annual basis, and newly elected officials, newly appointed board members, and newly hired employees must complete ethics training within 30 days of hire. (Ethics Policy/ Code §403.01(A).) This compliance audit includes all employees hired or employed in the County Executive's organization pursuant to Charter Section 9.02(2) during calendar year 2022.

As background, in 2021, the County's Human Resources department transitioned to a new Enterprise Resource Planning (ERP) system which is a county-wide integration of multiple business systems for the County. The overarching system is INFOR, which includes multiple modules to address aspects of HR, such as the talent acquisition module, the employee training module (MyLearning or LMS), the employee data module (Global Human Resources, GHR), and the benefits module.

The PRC does not have access to the ERP MyLearning module of INFOR. Thus, we must rely solely on information from HR, because it is responsible for maintaining records of ethics certifications from all Executive employees pursuant to Cuyahoga County Code section 407.03, and for maintaining records of the other compliance activities audited in this Compliance Report. Those activities include providing ethics training and the Ethics Policy to employees, elected officials, and newly appointed board members, posting the Whistleblower poster at County worksites,

and maintaining records of these activities. It is important to note that data obtained from the MyLearning module is updated daily and reflects the current workforce only on any given day. The data contained in the attached Ethics Training Reports was captured on January 9, 2023, and June 1, 2023.

The County's Approach to 2022 Ethics Training

Starting November 2, 2022, the County offered 2022 ethics training (training or ethics training) to County employees. The training was communicated to employees via a November 2, 2022, email from HR to County employees, via the November 9, 2022 "In the Know" electronic newsletter and podcast prepared by the Communications Department, and via the County's intranet.

In the email from HR, employees were advised to log into "MyLearning" through the INFOR landing page to access the ethics training. Employees in the Public Works Department who did not have computer access were directed to sign up for in-person ethics training, which was offered twice a day on December 7, 14, and 30, 2022 at the Public Works Harvard Avenue Maintenance Yard, a centralized workplace for Public Works employees. On the County's intranet, an announcement advised employees of the ethics training and directed employees to log into "MyLearning" to access the training.

The training was accessible via the "In the Know" electronic newsletter by clicking on an article titled "Inspector General: Mandatory ethics training course for 2022." In the article there was a link to the MyLearning employee portal in INFOR. County employees were also notified that the 2022 ethics training is an annual requirement that had to be completed by December 31, 2022.

The Ethics training in the "MyLearning" system was a 20-minute virtual video presentation, with questions interjected every two-or-so slides for viewers to answer with a required 70% pass rate. The in-person training did not include the questions. Employees taking the in-person training signed an attendance sheet which served as their acknowledgment of completing the training.

The County tracked employees who failed to complete ethics training in 2022. Starting two weeks after HR offered the 2022 training, on November 16, 2022, Ms. Jackson sent weekly reports to HR Team Managers identifying non-compliant employees. HR Team Managers were expected to prepare emails to the non-compliant employees reminding them of the ethics training requirement, with copies to the employees' supervisors. HR has indicated that to preserve employee relationships with HR Managers, there is no standard language to send the employees, however the HR Managers were expected to notify the employees of their non-compliance. HR Managers were also expected to advise Directors of the non-compliant employees at periodic leadership meetings.

After the December 31, 2022, deadline to complete the training, Interim HR Director Sheba Marshall sent follow up email communications to non-complying employees on January 20, 2023, and February 2, 2023, providing deadlines to complete the training. The Cuyahoga County Sheriff Department (CCSD) Administrator of Human Resources (CCSD HR) Sarah Nemastil sent similar follow up communications to non-compliant CCSD employees on January 24, 2023, and February 21, 2023.

In March 2023, CCSD HR issued documented counseling to non-compliant employees (who were not on a leave of absence) in preparation for the progressive discipline process. CCSD HR continues to track compliance in this area. The Department of Health and Human Services (HHS) also issued documented counseling to non-compliant employees. On May 23, 2023, Ms. Jackson sent an updated list to Karen Echols, Interim HR Manager, HHS, identifying non-compliant HHS employees for purposes of imposing additional action/ progressive discipline. As for other agencies, there is no record that documented counseling was issued to non-compliant employees.

1. 2022 Ethics Training of Executive Employees,

HR provided the PRC with two Training Reports dated January 9, 2023, and one Training Report dated June 1, 2023. The January 9, 2023, Training Reports contain data taken from the LMS system on January 9, 2023, and the June 1, 2023, Training Report contains data taken from the same system on June 1, 2023. As stated above, the date a report from the LMS system is run contains data that is current as of that specific date – it does not include data for employees who were active in 2022 but left employment in 2023. Accordingly, the data from the January reports vis-à-vis the June report differs.

The June 1, 2023, Training Report contains data of all Executive agency employees who were active with the County as of June 1, 2023, and the date (whether in 2022 or in 2023) they completed the 2022 ethics training.

The PRC used the data from the January 9, 2023, Training Reports to audit Executive employees' compliance because they reflect the number of active employees at that time shortly after the last day to complete the training. Data from the June 1, 2023, Training Report does not include employees who separated employment between January 1, 2023, and June 1, 2023. (The number of active employees in the January reports is 4,301, whereas the number of active employees in the June report is 4,039.)

Data in the June Training Report shows, however, that all Executive agency employees who were active as of June 1, 2023, completed the 2022 ethics training (although 564 of them took the training in 2023).

Of the 4,309 Executive agency employees who were required to complete 2022 ethics training:

- 3,924 completed it as of January 9, 2023.
- 373 employees failed to complete it as of January 9, 2023.

- 12 employees were on leaves of absence in 2022 and were excused from taking the training.

Compliance Concern #1

Section 403.01(A) of the County Code states that “... employees shall complete ethics training annually for every year of service with the County...” In the Executive agency, 373 employees failed to complete training before December 31, 2022, and thus violated the Ethics Policy.

PRC Recommendation #1

The PRC recognizes that through HR’s efforts in tracking non-compliant employees, all active Executive agency employees completed the 2022 ethics training by June 2023.

To reach this result, HR followed up with Executive employees who did not timely complete the ethics training and issued documented counseling to non-compliant employees in the Sheriff’s Department and HHS. The PRC recommends that HR issue documented counseling to other agencies in the Executive’s organization to ensure consistency in the County’s response to failure to complete the required training.

2. New Employee Training of Executive Agency Employees and Newly Appointed Board Members

Section 403.01(A) of the Ethics Policy/ Code requires that new employees of the County, elected officials and newly appointed board members attend ethics training within 30 days of hire or appointment. HR is responsible for conducting this training. (Ethics Policy/ Code §407.03(A).) Ethics training is included in the County’s New Employee Orientation and is offered online via MyLearning. For online training, a link to the ethics policy is located within the course on the acknowledgment page. For in-person training, the link is located on the back of the Assessment.

Compliance Concern #2

In 2022, the County hired 628 new Executive employees who were active as of 12/31/2022. These employees were required to complete the 2022 ethics training within 30 days of hire. Of this number:

- 375 completed the training within 30 days of hire.
- 230 completed the training, but not within 30 days of hire.
- 23 did not complete the training in 2022.

In conclusion, only 375 of 628 Executive employees complied with the Ethics Policy.

PRC Recommendation #2

All new employees, whether full-time, part-time, temporary, or permanent must attend ethics training within 30 days of hire per County Code §403.01(A). 253 newly hired employees who were required to take the ethics training within 30 days of hire violated the law. To comply with the law, this requirement must be applied consistently and enforced by managers, directors, and

HR personnel. The 253 employees who did not timely complete the training in the time required should be subjected to the County's progressive discipline policy.

C. DISTRIBUTION OF ETHICS LAW/ETHICS POLICY MANUAL AND POSTING OF WHISTLEBLOWER POLICY

HR is responsible for:

- distributing the Ethics Law and the County Ethics Policy Manual to elected officials, employees, and board members; and
- posting the County's Whistleblower Policy at County offices; and
- maintaining records of these activities. (Ethics Policy/ Code §407.03.)

1. Distribution of Ethics Law/ Ethics Policy Manual

Section 407.03(C) requires HR to "furnish a copy of the County Ethics Policy Manual prepared by the Department of Law to all elected officials, employees, and board members on or before the date of their first ethics training." In 2017, the PRC was informed that the County Ethics Policy Manual is posted on the AIG's website. On that website, the Ethics Policy is located by clicking on a tab titled "Everyday Ethics". Within that tab are three sub-files titled "Plain Language Ethics Updates", "Plain Language Guide" and "Ethics Law."

In the "Plain Language Guide" tab, readers are provided with the following statement:

"In 2017, the AIG prepared A Plain Language Guide to County Ethics Law. This guide was created to give a better understanding of the County Ethics Law. Throughout the Guide you will find explanations and examples illustrating the County Ethics Code, as well as links to previous AIG Advisory Opinions."

Footnote No. 1 in this guide explains that the guide complies with the IG's duties pursuant to Code Section 407.01(M). This guide constitutes the County's Ethics Policy Manual.

During on-line ethics training, HR notifies participants of the electronic link for the County's full Ethics Policy Manual and Ethics Law (Title 4 of the County Code) on the County's website and participants are required to sign an Acknowledgment form to confirm receipt of this information.

HR has confirmed its distribution of the Ethics Law/ Ethics Policy Manual to those employees who completed 2022 ethics training. Those employees who did not complete the 2022 ethics training have not been provided with this link.

Compliance Concern #3 and PRC Recommendation #3

All new employees should be provided with the Ethics Law/Ethics Policy Manual annually, even those who did not complete ethics training for the year.

2. Posting of the County's Whistleblower Policy

HR is responsible for posting the County's Whistleblower policy at all County worksites. (Code §407.03(D, E).)

2022 ETHICS COMPLIANCE REPORT

HR has confirmed that the Whistleblower policy is posted at all County worksites via the attached Whistleblower Report of posting locations and photographs depicting the Whistleblower policy posted at the County worksites. See Attachment B.

PRC has no compliance concerns regarding HR's adherence to this policy.

D. 2022 ETHICS TRAINING OF NON-EXECUTIVE EMPLOYEES

Per Section 407.03(A) of the County Code, HR "shall receive and maintain records of ethics certifications from all ... elected officials, employees, and board members."

These terms are defined in the Code as follows:

"Elected Official" shall include any person holding elective office specified in, or established pursuant to, the Charter. Such Elected Officials shall include, without limitation, the County Executive, the Prosecuting Attorney, the County Council, the Personnel Review Commission, the Board of Revision, the Inspector General, and any other county agency hereafter established by or pursuant to the Charter. (County Code § 402.01(E))

"Employee" shall mean any employee of Cuyahoga County including, but not limited to, any person employed, full or part time in a temporary or permanent capacity, by the County Executive, the Prosecuting Attorney, the County Council, the Personnel Review Commission, the Board of Revision, the Inspector General, and any other county agency hereafter established by or pursuant to the charter. (County Code § 402.01(F))

"Board Member" shall include members of any board, agency, commission, or authority as is or may hereafter be established by or pursuant to the Charter or County Code who are appointed or confirmed by elected officials or county officers or directors. (County Code § 402.01(B))

It is noteworthy that the PRC's responsibility is to provide an annual report of ethics training countywide, whereas HR's responsibility is to administer ethics training to all elected officials, employees, and board members who are required to receive ethics training under Title IV of the County Code.

The PRC received additional spreadsheets from HR dated May 23, 2023, which reflected ethics training attendance of employees of several non-Executive agencies, boards, and commissions.

▪ **Compliance Concern #4**

It does not appear that HR is tracking the 2022 ethics training of members of several boards/commissions. To the extent these boards/commissions are active and have members that are not current county employees/elected officials [who would already be required to attend ethics training in that capacity], HR is required by the Code to receive and maintain records of ethics certifications for all elected officials, employees, and board members. Accordingly, as to these agencies, HR is not in compliance with Section 407.03(A) of the County Code.

▪ **PRC Recommendation #4**

HR should determine which agencies are covered by the Ethics Policy, ensure that ethics training is provided to the members of those agencies, and maintain the records of training certifications, until a greater level of fidelity is achieved between the County Code, on the one hand, and HR's and the PRC's responsibilities regarding training and auditing, on the other hand.

HR has devised a plan to track ethics training of all new board members in 2023 to ensure they complete their ethics requirement within 30 days of accepting a board position. HR provided the PRC with the following plan:

1. 8th Floor [Executive department] staff member will send a list of all boards and board member to Kathy Jackson.
2. When a new board member is approved, the Clerk of Council will send the name to the Training Manager.
3. The Training Manager will log the name of the board member and board assignment into excel spreadsheet.
4. The Training Manager will send the board staff member a copy of the actual ethics video along with the ethics compliance signature form.
5. The board member will watch the video, sign the signature compliance form and return the signed compliance form to the appropriate staff member.
6. The staff member will forward the signed compliance form to the Training Manager.
7. The Training Manager will scan the signed compliance form into shared drive, log the completion into the excel spreadsheet and send the original to file.

Whistleblower Policy

The Cuyahoga County Ethics Code Protects Whistleblowers

What is a Whistleblower?

A whistleblower is anyone who reports any violation of county, state, or federal law, rule, or regulation, or alleges fraud, corruption, waste, abuse, misfeasance, and/or malfeasance.

What Must Be Reported?

You **must** make a whistleblower complaint if you have actual knowledge of a violation of the County Ethics Code.

Whistleblowers are Protected!

- The Ethics Code prohibits retaliatory action against whistleblowers who report in good faith
- If you experience retaliatory action because of your whistleblower complaint you may file a retaliation complaint with the Personnel Review Commission

Your Responsibilities:

- **If you see something, say something!**
- Do not make any complaint in bad faith, that you know to be false, or with reckless disregard for the truth
- Do not retaliate against anyone for making a whistleblower complaint

How Can You Report?

- To the Agency of Inspector General:
 - Call the Whistleblower Hotline: **(216) 698-2999**
 - Call the Agency directly: **(216) 698-2101**
 - Online through the website:

- Email **inspectorgeneral@cuyahogacounty.us**
- Mail, hand deliver, slip a letter under the door, contact a staff member, send a telegram – there is no wrong way!
- To a supervisor in your chain of command or the Department of Human Resources

You may make a whistleblower complaint:

- In writing or verbally
- Named or anonymously

Supervisors and Human Resources:

You have additional responsibilities! If you receive a whistleblower complaint, there must be a written record of the complaint, and then, within 5 days:

- Supervisors must notify the Agency of Inspector General or HR
- HR must notify the Agency of Inspector General

For more information, see Chapter 406 of the County Ethics Code or contact the Agency of Inspector General
