2100 Lakeside Ave  
Cleveland Ohio 44115

Physical Inspections  
**Fire/Smoke Damper Inspection Report**

*Duct Fabricators, Inc.*

**FIRE SAFETY DIVISION**

Report Date: September 13, 2024

Project: Cuyahoga County  
Men's Shelter Addition

Inspector(s):

Dan Tulcewicz, Certified Technician

Inspection and Test Date(s):

July 31, 2024

Duct Fabricators, Inc. "Fire Safety Division" inspected the One (1) fire damper noted on the following sheets for proper installation. The dampers were then tested and photographed in the "open" and "closed" positions to confirm that they were functioning as designed.

All the dampers passed the inspection and functional testing.

NOTES: NFPA 80 and NFPA 105 require newly installed dampers to be inspected and tested one year after initial installation. Thereafter, dampers located in patient care facilities are to be inspected and tested every six years.

Additionally, the information contained herein verified whether the dampers were functional at the time of testing. This verification process does not represent any form of a guarantee that the dampers will properly perform in the future.
